

Feature Importance / Explainability Report

Project: Healthcare Cost Estimator

Feature Importance Analysis

Feature	Importance
smoker_yes	0.7775
bmi	0.1120
age	0.0681
bmi_age_interaction	0.0162
children	0.0129
sex_male	0.0061
region_southwest	0.0054
region_northwest	0.0018
region_southeast	0.0000

Cost-Driving Factors

- smoker_yes: importance 0.777549
- bmi: importance 0.111987
- age: importance 0.068083
- bmi_age_interaction: importance 0.016179

- children: importance 0.012923

Feature importance values are read from the saved trained model artifact and are not manually estimated.
